Imagine a sea of red, white and blue, hundreds of American flags standing eight foot tall in perfect rows and columns across a field of green. The visual effect will be one of infinity. Now imagine the number of heroes from our community who have sacrificed for the cause of freedom. That number becomes real and tangible when you see this breathtaking display.

“ . . . these dead shall not have died in vain, that this nation under God shall have a new birth of freedom, and that government of the people, by the people, for the people shall not perish from the earth.”

*Abraham Lincoln - Gettysburg Address -
November 19, 1863*

This Healing Field will be a sea of hundreds of 3'X5' U.S. flags standing 8' tall in perfect rows and columns and is a gift to the community from The Findlay Exchange Club.

The proceeds will be distributed among Findlay Exchange Club Child Abuse Prevention Projects and the American Red Cross Armed Forces Family Network.

The original Healing Field was the 9/11 Flag Memorial in Sandy Utah September of 2002, to demonstrate the sheer enormity of the human loss that occurred in the terrorist attacks. The field, founded by Paul Swenson, has become a very personal gesture of mourning and support for friends and family. It has swept the nation with its patriotism and passion.
