What is a Healing Field?

A Healing Field is a flag display set up in recognition of a particular event or group of people. Made of American flags, the Bryant Field display will consist of approximately 3,000 flags representing the military personnel and veterans who have fought to protect our freedom in the present as well as the past along with law enforcement, firefighters, EMS and first responders. This event will take place over the 10th anniversary of the 9-11 attack on our country. What better time to reflect and honor those who protect our lives and our freedoms.

Why are we hosting a Healing Field in Bryant, Indiana?

This is a location that is well suited to many within a tri-state area. It is an opportunity to offer this area an event that is not political, yet is patriotic, and is well-suited to families (no cost unless you choose to sponsor a flag for \$30). This event will be a celebration of our freedoms and a chance to reflect upon the sacrifices being made daily by our soldiers and first responders, protecting these freedoms.

How can you help?

Sponsor a flag for \$30 and continue to fly it proudly at your home or place of business. Individuals and volunteer groups wanting to assist with this community project can also participate in one of the event activities or multiple, as time permits. Some of the volunteer opportunities include:

- Putting flags together
- Making ribbons
- Participation in the flag installation ceremony
- Working at the information booth
- Helping with the flag distribution after the event
- And in many other areas

If you are interested in volunteering during the event, please contact us for more information.

Flag Pickup:

You may pick up your flag(s) with pole and rebar at the healing field location following the event on **September 12th & 13th from 9 am - 7 pm.**
