REBOOT Combat Recovery

<https://rebootrecovery.com>

Trauma happens to our veterans during combat, but too often, that trauma is compounded by a series of poor decisions upon returning home. It is as if this combat trauma has reduced their spiritual defense systems and left them vulnerable to a myriad of even more dangerous life choices that may lead to addiction, homelessness or even suicide.

Through Reboot Combat Recovery, combat veterans and their families are winning the fight against combat trauma. Our faith-based trauma healing course is designed to address the spiritual and moral wounds of war. At REBOOT locations across the country, military families are healing, divorce rates are dropping, medication abuse is decreasing, and suicide numbers are being reduced.

The Gary Sinise Foundation (through Sunbelt Rentals)

<https://www.garysinisefoundation.org>

The Gary Sinise Foundation builds specially adapted smart homes for America's severely wounded veterans through its R.I.S.E. program (Restoring independence Supporting Empowerment). Each home features automated amenities to ease the daily challenges these heroes face. In addition, R.I.S.E. provides adapted vehicles, mobility devices, and home modifications to injured, wounded, ill and/or aging heroes from all conflicts.

The Family Center

<https://www.familycentertn.org>

Child abuse, neglect, and trauma are recognized as a serious public health concern that causes lifetime physical, psychological, and behavioral problems for children and impacts communities for generations. The Family Center has a vision that all children will grow up in safe, stable, nurturing relationships and environments. As change agents, we're dedicated to providing a safe space where parents and children can connect and grow through a two-generational approach to learning. Our evidence-based programs provide guidance and support as families navigate new strategies for coping with trauma and move forward with confidence and purpose.

Youth Villages

<https://www.youthvillages.org>

Youth Villages helps children from birth to age 22, the majority are between the ages of 12 and 17. Children come to YV because of emotional and behavioral disorders, physical or sexual abuse, substance abuse, or suicidal ideation or attempt. Most of the children and youth we serve have multiple problems, which may include developmental or learning disabilities, co-occurring medical issues (such as medically fragile), severe acting out behaviors or past challenges with other programs or facilities.

Nashville USO

<https://fortcampbell.uso.org/nashville>

The USO strengthens America's military service members by keeping them connected to family, home and country, throughout their service to the nation.

Volunteers of America – Veteran Services

<https://www.voamid.org>

Volunteers of America proudly serves veterans who are experiencing homelessness and substance abuse issues. Our services link veterans with employment training, affordable housing, and other resources that help them reintegrate into their communities.

And many more worthy community efforts.

About Exchange

The Exchange Club of Donelson-Hermitage is a group of men and women who work together to better our community through our four programs of service:

Americanism

Promoting pride in country, respect for the flag and appreciation of our freedoms.

Community Service

Exchange Clubs across the country spend countless hours and dollars improving their communities each year. In fact, many of the projects within the Program of Service have a common goal of serving and benefitting communities.

Youth Activities

Through college scholarships, mentoring and guidance, and service recognition, Exchange is making a difference to America's youngest generations.

Child Abuse Prevention

Exchange provides a variety of public awareness materials designed to help inform and increase awareness of child abuse and how it can be prevented, along with supporting our local center, The Family Center.

**Our Exchange Club meets on Tuesday mornings at
