Program Description

This is a proud day to honor Armed Forces members of our NE Florida community that sacrificed everything in support of their great country and perished while serving during the years the USS Orleck was commissioned – included is the Korean conflict and the Vietnam war. Each with an American Flag. Many of you purchased one of the 360 flags bringing the community together in a patriotic tribute to honor our veterans. These are service members that listed NE Florida as their home. We want to display a stirring visual of support during Veteran's Day for all to see here in the Jacksonville community.

If you are reading this during our opening ceremony or are in the Field of Honor, we want to appreciate the special occasion that this is - that you and all of us are sharing now. Take a moment to walk through the field. Take a deep breath before you enter, a moment of silence, and as each of you walks through the field remember that the flags you pass represents somebody who fought and died for us to be standing here today. Men that fought with valor so we can have our freedoms and live by the ideals that makes this country so great. We hope as you look at this from the downtown area, across the river, during the veteran's parade, on the veterans run, or on your way to the Jaguars game – we all remember the sacrifices made. Thank you to all our Veterans.

A Hero's Welcome

By Robert Longley

**Time to come home dear brother
Your tour of duty through
You've given as much as anyone
Could be expected to do**

**Just a few steps further
The smoke will start to clear
Others here will guide you
You have no need of fear**

**You have not failed your brothers
You clearly gave it all
And through your selfless actions
Others will hear the call**

**So take your place of honor
Among those who have gone before
And know you will be remembered
For now and evermore**

The USS ORLECK was commissioned at the end of World War II in 1945. She served in the Korean Conflict and fired more rounds than any other Navy warship during the Vietnam Conflict. She was transferred to Turkey in 1982 and sailed during Desert Storm.

She returned to the United States in 2002 under the care of the ORLECK Family and remained in Texas and Louisiana until she was brought to downtown Jacksonville in March 2022.
